

**GOIN' BALD
FOR BUCKS®**

YOU'RE CHANGING THE FUTURE

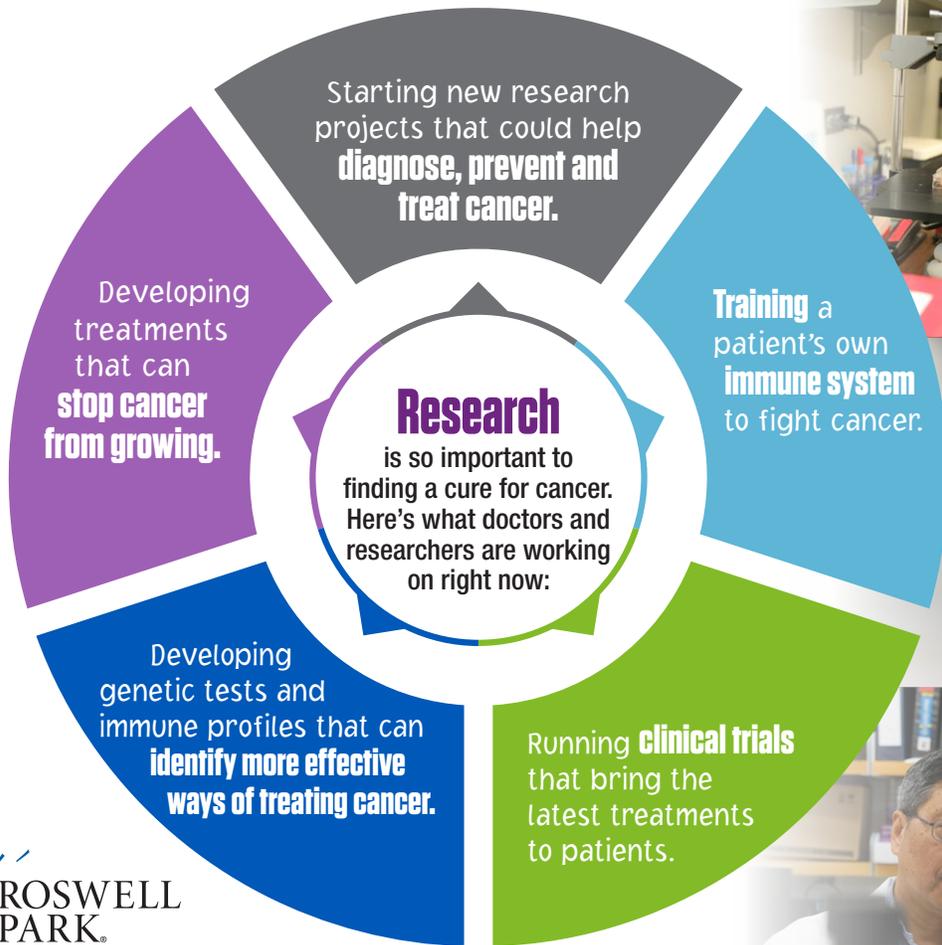

At Roswell Park Comprehensive Cancer Center, scientists are very busy. They're researching different ways to treat cancer and developing new therapies to bring an end to this disease for good. At 13thirty Cancer Connect, staff work hard to educate, support and connect teenagers and young adults with cancer.

But Roswell Park and 13thirty can't do it alone. They need help funding their research and peer support programs — that's where you come in! By clipping, snipping and shaving, you are helping change the future.

WHERE THE FUNDS YOU RAISE GO

Funds raised through Bald for Bucks support groundbreaking research and patient-care programs at Roswell Park, as well as peer support programs at 13thirty Cancer Connect. There are so many exciting advances happening. Take a look!

RESEARCH AT ROSWELL PARK

For **every \$1** you donate, Roswell Park can leverage **another \$13** in research grant funding!

PROGRAMS WITH PURPOSE AT 13THIRTY CANCER CONNECT

13thirty works to address the unique challenges that teens and young adults with cancer face. It's a place to forget about the bad stuff — where patients and survivors can just be themselves, and cancer is only one chapter in their story. Through fun and empowering peer support activities, interactive resources and helpful programs for families, 13thirty is committed to ensuring that teens and young adults with cancer live their best lives — TODAY!
